

# Total Print Solutions for Display & Exhibition

New Zealand's  
Biggest (& Sharpest)  
Display & Exhibition  
Printing Machines.

5 metres wide & any length

At Benefitz we have just invested in the latest Scitex technology so our five metre grand format machinery can print up to 740dpi (370x740dpi). Previously this quality has only been available on much smaller machines. So now, as well as producing the biggest and best quality billboard skins and banners in the country, the Benefitz grand format machinery is the No.1 solution for both interior and exterior display. This opens up a whole new range of possibilities. Check-out the Benefitz!...

# Benefitz Display & Exhibition Solutions

If you are looking for a display or exhibition unit then a visit to the **Benefitz showroom in Constellation Drive** to feel the range, or to [www.benefitz.co.nz](http://www.benefitz.co.nz) to view the range, is a must. **Benefitz** has a selection of cost effective portable display units and virtually every digital printing solution to complete the job. **Benefitz** can also design and print virtually anything you need for exhibitions or point of sale display.

Key products in the **Benefitz Display & Exhibition** range include...

## Benefitz Roll-Up Display Units

These are very easy to use compact display units that roll away into a small cylinder. They are very easy to transport on planes, in motor vehicles etc. The **Benefitz Roll-Up Display Stands** are available in 3 sizes:- 2 metres high x 600mm; 2.15 metres high x 850mm; 2 metres high x 1.2 metres.

## Benefitz Z-Stands

With the printing capability of the new **Benefitz VEEjet Flatbed** the **Benefitz Z-Stands** are a very cost effective option. These stands consist of 6 flat panels which are linked by hinges to create a very effective display unit. The corflute panels can be printed with any image on the **Benefitz VEEjet Flatbed**. The **Benefitz Z-stands** come with a carry bag for easy transportation.

## Exhibition & Display

### Benefitz Pop-Up Curves

These are big display units that burst out from a case on wheels. If you want to fill up a big slice of your display stand and make an impact then the **Benefitz Pop-Up Curves** are the answer. These are modular units that can be made either 3 metres, 2.35 metres or 1.55 metres in height and are 3.2 metres wide.

### Benefitz Lightboxes

**Benefitz** has recently introduced a new range of lightboxes. These new lightboxes are available in 4 stock sizes:- A1, A0, 1500x500mm and 1800x1200mm. They have very easy front loading snaplock mechanisms and are specially designed to distribute light evenly. They are also fully compliant with New Zealand requirements. **Benefitz** can supply the lightbox and also print the images. The total lightbox solution.
