DAILY TIMETABLE: Wednesday 5 - Sunday 9 September 2018

10.30am | Living smaller – An introduction to small space design and how to maximise your current living

With the current property and land shortage important to make better choices about how we need to live. From downsizing your life into a tiny home, to a modest town house with everything you need a few meters away. This seminar will guide you through small space design fundamentals allowing you to live a lot larger in your small space. Learn how to maximise storage, how to space-plan your new build and how to get more out of your current spaces.

Laura Lochhead – Pocketspace Interiors

11.00am | Bringing together a Colour Scheme with Confidence

Learn how to use your favourite colours confidently and how to make the most of your space with clever yet simple ideas, tips and tricks that you can try for yourself.

Sarah Gregory – Resene

11.30am | The Ins and Outs of Bathrooms

With 10 years' experience specialising in Bathrooms, an impressive portfolio & testimonials, Design Haus will guide you through the Ins and Outs of Bathrooms. The main topics discussed will be: 1) Where to start, 2) Designing to a budget, 3) Ways to save money, 4) Design Tips & adding 'Wow Factor', 5) Planning a smooth renovation.

Brittany Wotherspoon and Natalija Botica-Uhlmann - Design Haus

12.00pm | How to Create the Perfect Garden & Outdoor Space

Chris and the team believe in beautiful landscapes complimenting their clients lifestyle and needs by looking at landscaping a little differently. Showcasing the latest trends and options for outdoor spaces, Greenroom Projects will take you through the process of landscape design and construction.

Chris Marsh – Greenroom Projects

12.30pm | Interior Design Trends – Designing in today's world

Amanda shares the most recent trends in Interior Design and talks about the tools you can use in today's world for creating amazing interiors.

Amanda Neill – Designworx

1.00pm | Navigating the Renovations Minefield

You can't know every potential fishhook in your building or renovation project, but Shane Drury of MDG Renovations says that the most important decisions are made at the start. Shane will tell you not only how to plan your project, how to sort the contractors and negotiate the council restrictions, but how to ensure that the inevitable speed bumps, won't wreck the result and leave you out of pocket. Joining Shane will be his panel of experts for an open Q&A session: Architect, Jann Hurley; Interior Designer, Nicola Manning and Principal Builder, Joel Macreadie.

Shane Drury – MDG Renovations

1.30pm | Renovating Your Kitchen – 9 Things to Watch Out For

With John's extensive experience he'll tell you what to look out for when planning your kitchen renovation or new build to avoid costly mistakes.

John Van Doormaal – Innovative Kitchens
